

Section 8

SCORING

1. RACE EVENTS

- 1.1 The leader and at least half of the field must cross the start line once a caution flag has been displayed for that lap to count.
- 1.2 Cars deemed involved in a caution or pitting will be moved to the rear of the field.
- 1.3 There will be no racing to/on the caution flag.
- 1.4 If a driver(s) is involved in an accident after the caution flag has been displayed or not directly involved in the caution, track officials may place the driver back in original position.
- 1.5 If a car is unable to start their event at the original start, they may still join the starting field at a time determined safe by Officials. A car must appear on the racing surface under its own power
- 1.6 All NASCAR races will be run under a one minute per lap time limit. All ¼ mile races will be run under a forty-five second per lap time limit. Red flag time is not counted against the time limit. If the time limit is reached, the starter will display a green, white, checkered finish one time. If the caution flag is displayed during a green, white checkered finish, the race is finished and the results will revert back to the last completed lap.
- 1.7 A car must take a green flag to receive points/pay for the event. (EIRI)

2. MISCELLANEOUS

- 2.1 The decisions of the Official Scorer and Track Management, with respect to timing and scoring, are final
- 2.2 If a competitor wishes to protest a line up before the event starts, contact the Director of Competition before the cars enter the racing surface.
- 2.3 If a competitor wishes to protest a line up during an event, pull up along side the position in question. Competitors are recommended to also communicate with spotters to let Officials aware of the protest.
- 2.4 If a competitor wished to protest a scoring finish, a \$50 protest fee and written protest will be required with-in 15 minutes of completion of event to Director of Competition. If scoring finish stands, protest fee is retained by scoring. If protester is found correct, protest fee will be refunded.
- 2.5 If a competitor wishes to protest a finish after the results are posted, contact MCM office with-in twenty-four(24) hours of results of being posted with a \$75 protest fee or results will be official (EIRI). The same goes for points standings.
- 2.6 Music City Motorplex reserves the right to correct/adjust any discrepancies, made by race track, in race results and points standings at any time.
- 2.7 Car numbers must be clear and legible to be scored.
- 2.8 No waive-by's allowed. Drivers must restart in the position directed to by scoring and officials. Car may only be waived by another competitor during green flag conditions.
- 2.9 Any car causing three(3) cautions will be sent to the pits
- 2.10 Competitors must fill out proper paperwork and have all fees paid to be scored.
- 2.11 Cars must line up according to officials/scoring immediately. Cars not falling into their designated positions immediately will be black flagged.
